Said In Cypress

That upon passing a window the other day which displays the television set to be given away by the VFW, a little boy cried excitedly, "Look, there's the show Daddy!"

That what Cypressan attired herself in one of the new-fangled bathing suits to swim at Palm Springs last Sunday, only to demand of Phil the next day that he furnish her with a bathing suit with a bra guaranteed not to get lost in the water? Can the Fashion Shop meet that kind of a guarantee, Phil?

That it seems Jonesy, veteran shuffleboard player, overdid himself in challenging "Slim," a rookie to a series of games, so confident was he that the result would be a cinch. The shuffleboard devotees are making it difficult for Jonesy these days, who never suspected the rookie could do it.

That Mrs. McCoid, who has been doing the cooking in the school cafeteria, has an official "taster." She says Hitler had a taster, so has drafted Warren Ter Beest for the job. His only reaction is a "figurative" one. On you those extra pounds look good, Custodian.

That over in Santa Ana last week a man accidentally wounded a resident in his trailer court while he was shooting blackbirds in his garden. She suddenly walked by to hang up her washing and a .22 caliber bullet pierced her leg. He has arranged to pay her hospital and medical bills. Small boys in town who shoot beebe guns in the vicinity of helpless children will do well to profit by the experience of the Santa Anan, and go to the great open spaces to do their target practicing.

That Mrs. "Dick" Hathcock was suffering from shock following a collision at the corner of Lincoln and Walker Friday. However the driver of the offending auto, who did not make the stop on Lincoln, admitted that for months he drove through Cypress to his work in the shipyards during the war, and not having been this way recently, he was completely unaware of the installation of the four-way stop sign.

That the new home being built at the corner of DeLong and Watson streets for the Fred Mackay family will do well to grace a page of a Sunday magazine section when it is finished. Fred has included all the features which make for gracious, convenient living.

Fullerton Flyers' Rivals In Cypress

Two potentially famous flyers landed at Jim Bryant's Airpark Tuesday morning.

The pair consisted of two men from Yuma, Arizona, one of them a cousin to Kenneth Curtis, 6261 Lincoln avenue. Their claim to fame was an attempt last week to break the Fullerton Endurance Flyers' record, but they were forced down with a clogged gas line after only 74 hours aloft.

The cousin was Bob Woodhouse, and his friend who will accompany him soon on another attempt to break the endurance record, was Woody Youngward. Young Woodhouse's parents, Mr. and Mrs. Harold Woodhouse of Roll, Arizona, also landed at the Airpark in another plane.

The group had breakfast at the Clarence Curtis home, then went over to Fullerton to pick up a few pointers on endurance flights and to congratulate the Fullerton flyers on their success.

CINA-CAR THEATER OPENS NEXT WEEK

W. W. and J. W. Montgomery announce the opening of their new Cina-Car theatre at 6612 Lincoln avenue, near the Cypress airpark at Hansen road and Lincoln avenue.

The policy of the theatre will be to cater to family patrons, and pictures will be shown which will appeal to family groups. Major studio attractions will be featured. A new type of large screen which will portray a picture as large as an eight-room house is set back 700 feet from the avenue, thus eliminating dust and noises from the highway. The theatre has been placed in the center of an orange grove which furnishes natural California landscaping. Redwood, modernistic architecture has been used.

Individual car speakers of a new design will broadcast studio tone quality and will incorporate a volume control which the patron may adjust. The theatre will accommodate 600 cars. Popular prices will be charged, with low rates for children. Kiddies free when accompanied by parents.

A modern snack bar has been provided for refreshments during and at intermission times and highest quality products will be handled.

Cypress P-T.A. Endorses Dental Program of Unusually Fine Merit

Mrs. John Lukens was re-elected to serve as president of the Cypress Parent-Teacher association for a second term at a meeting of the organization held last Thursday night in the school auditorium. Elected as supporting officers were: vice president, Mrs. Louis Wlaschin; secretary, Mrs. Merle Bouse; treasurer, Mrs. George Alleman; historian, Mrs. Joe Bailey; parliamentarian, Mrs. Ivan Mahaffie; auditor, Mrs. Arie Van Klaveren.

Mrs. Frank Noe, program chairman, explained to the audience that although the end of the school year was near, it was felt there were still several subjects of vital interest. For this reason, a "double-header" was enjoyed by the members in the way of two program subjects.

From the county office of education, Mrs. Verna Breinholt, speech consultant, said that the state of California was one of the first to realize that if a child can't talk, he can't read. The school curriculum places emphasis on correct speech in many other ways than through the reading classes alone, such subjects as social studies, and even arithmetic giving an excellent opportunity to concentrate on clear speaking. Mrs. Breinholt stated that there are, roughly, two kinds of speech defects — articulatory and nervous. The first class includes organic or physical such as cleft palate, tongue tied, enlarged tonsils and adenoids, and teeth defects. Stuttering in its many forms makes up the second class. The teachers in the Orange county schools observe the child who apparently cannot control his speech properly, and then try to determine the reason, which may finally result in cooperation with the various county health agencies before the cause is determined.

Dr. Raymond D. Temple, chairman of the county dental health committee, graphically explained the plight of children today with regard to the lack of proper dental facilities, resulting in poor teeth. His statement that in the past ten years the population of Orange county has increased over 100,000, and during the similar period not more than 25 dentists have been added, proves the physical impossibility for the profession to keep up with the dental load. The basic principle of the plan being presented by the dental committee is a program of prevention.

Briefly, the four-point program, as outlined by Dr. Temple, includes (1) an examination of children in school by a corps of county dentists; (2) restorative work; (3) course of lectures by doctors from the dental association and (4) adapting the knowledge to grade level. The part the P-T.A. plays in this important program is to furnish funds for truly indigent children who could not otherwise afford dental care through a careful screening commitee and to provide funds for the limited supplies needed, including a pertinent little pin which is used as a reward to the youngsters meeting requirements of the project. While some of the larger county schools are hesitating to enter this program, it is felt Cypress is to be congratulated on its foresightedness.

The members of the P-T.A. also voted to assist the eighth grade in paying the expenses of the annual trip to the San Diego zoo on May eighth.

The program furnished by the school children at the opening of the evening's meeting consisted of studies in rhythm and music by members of the kindergarten classes. This, as always, proved highly entertaining to the audeience.

Seven Are Injured In Lincoln Mishap

Officials cited faulty brakes as the cause of injuries to seven persons, when a car driven by George S. Raicevich of Los Angeles allegedly failed to make a boulevard stop at Lincoln avenue and Hansen road Monday. Three of the injuries were serious.

The driver of the other car was Frank V. Verduzco, of San Pedro. Most of the injured were reportedly on their way home from the beach.

The three who were seriously injured were Verduzco, Mary Samonian, of Los Angeles, and Alex Verduzco, three years old. Others involved in the crash and injured to a lesser extent were: Joe Verduzco, San Pedro; Lucy Bradbica, Belvedere; Annie Ramerez, Los Angeles; and Helen Megngorac, ly entertaining to the audience.

Trash Pick-Up

The county road department has consented to cooperate with the Cypress area in its clean-up week. Persons having trash to be removed may stack it along their curbs. According to the department, trucks will circulate through the town on Tuesday, May third. Remember the date — and remind your friends and neighbors — Tuesday, May third.

Teen Canteeners Invited to Artesia Dance Saturday

Cypress high teens, members of the Teen-Canteen, are invited to Artesia on Saturday night by the high teen organization of that city. The dance is being held in the Women's clubhouse at 16th and Pioneer, and a band is being engaged for the special occasion. The host group is using for its decrating theme the school colors of the visitors. Refreshments will be served.

Remember teen-agers, there is no admission charge for this gala affair. Meet at the Cypress school house first by 7:30 o'clock. The plan is to take the members in a group to Artesia.

Last Friday evening approximately 125 teen-canteen members met for a joint meeting in the school auditorium. A business meeting was held prior to the showing of "She got her man," starring Joan Davis. Ten by-laws were discussed and adopted.

Each group chose a new sergeant-at-arms so there would be a boy and a girl serving on both the high-teen and low-teen board of directors. Rosemary Johnson and Monte Ziebell have been chosen for the low-teens and Warner Gedney and Pat Shedore for the high teens.

The high-teens report $46.95 in its treasury, and the movie on Friday night netted approximately $30. The first and third Thursdays in each month were chosen as regular business meeting nights.

At the dance which followed the movie, members of the low teen group predominated. Chaperones were Mrs. Vernica Murphy, Mr. and Mrs. Stan Doerr, Mr. and Mrs. H. P. McKinzie, Mrs. Rathbun and Art DeVahl.

BOXING EXPERT HERE TO GIVE BOYS LESSONS

A boxing instructor will be in Cypress to hold boxing classes every Saturday from 11 a.m. to 12 noon. He will hold the classes on the open platform at the Ray J. Edwards residence, 5412 East Camp street.

The instructor is Manny Lieberman, who teaches at the main branch of the YMCA in Long Beach. He has managed many famous fighters in the past and appears each Monday evening on television from the South Gate Boxing Arena.

The price of each lesson for one boy is a dollar. If more than ten are enrolled in a class, the price will be proportionately smaller. Since no indoor space in available, the class must be limited to 20 boys.

The only requirement necessary for a boy wanting to train is shorts, bathing trunks are suitable, and tennis shoes.

Age limits are seven to seventeen years of age.

LOYD HARDER'S TAKE OVER AT ERNIE'S DRIVE - IN CAFE

Mr. and Mrs. Loyd Harder announced the purchase of Ernie's Drive-In this week from Marion Precie.

The cafe has been closed most of this week but re-opened again yesterday. The new owners stated that they would discontinue the serving of Mexican style food, and would specialize in chicken dinners and steaks.

Originally from Illinois, the Harders have been in business in this vicinity for some time. They are being helped in their new venture by Mrs. Doris Hudson.

Tuesday night the Harders entertained friends and gave a birthday party for Mrs. Selma Longbothem, an accountant for North American. Twenty guests were present, including acquaintances from Hawaiian Gardens and Long Beach.

OUR DEMOCRACY——by Mat

APPLE-PIE ORDER
ONCE, TO SPEAK OF A HOUSE AS BEING KEPT IN "APPLE PIE ORDER" WAS TO IDENTIFY ITS MISTRESS AS A WOMAN TO BE HELD IN ESTEEM BECAUSE SHE WAS A GOOD HOUSEKEEPER.
TODAY THE ROLE OF HOUSEWIFE HAS SO BROADENED, THAT THE SUCCESSFUL HOME-MAKER EXTENDS APPLE-PIE ORDER BEYOND THE CONFINES OF THE HOUSE ITSELF—
FOR EXAMPLE — IN THE MANAGING OF HOUSEHOLD FINANCES: DECIDING, WITH THE REST OF THE FAMILY, HOW THE MONEY SHOULD BE SPENT, SHARING IN THE RESPONSIBILITY OF SYSTEMATICALLY SETTING SOME ASIDE IN LIFE INSURANCE AND SAVINGS, SHE HELPS CARRY OUT AN ORDERLY SAVING AND SPENDING PROGRAM THAT BUILDS HAPPINESS AND SECURITY FOR THE WHOLE FAMILY.
HUBERT MATHIEU

Cypress Merchants Are Second In Practice Game Standings

Having lost only one game at the time the Norwalk Softball Association standings for practice games was compiled, the Cypress Merchants trailed the only team that had beaten, the Norwalk Coast Grain.

Coast Grain was far out in front with a 4-win, 1-loss record. Cypress gained their second spot rating with a 1-win, 1-loss slate.

The title race this year may prove to be unpredictable if early season scores are taken into account. For instance, Cypress took the Norwalk National Guard into camp with a 20 to 1 lead in only 3 innings when the game was called. The next week, Coast Grain trimmed the local team 12 to 1, and the only team to best the Coast Grain outfit is the National Guard by a score of 5 to 4.

With games including Friday, April 22, practice game team records are as follows:

Coast Grain (Norwalk)	4	1
Cypress Merchants	1	1
All American Mkt. (Downey)	1	2
National Guard (Norwalk)	1	2
Chris Union Serv. (Downey)	1	3

Ben Evink, Coast Grain, has pitched the most innings and has a 3-1 record for practice games to date. Bill "Bambina" Spinks, All American pitcher hit a game-winning two-run homer to win his own contest, 7-5 against the Long Beach Press-Telegram, April 19.

CYPRESS FIREMEN GIVE DINNER FOR FAMILIES

A ham dinner was the highlight of the evening when the members of the Cypress Volunteer Fire Department entertained their families Friday night. The group also got outside of five gallons of ice cream for dessert.

Following the meal, motion pictures were shown by members of the State Forestry Department.

Members and guests included Mr. and Mrs. Joe Scherman of Orange, Chief Forest Ranger; Mr. and Mrs. Ray Seuss of Midway City, operations officer for the county forestry department; Mr. and Mrs. A. E. Arnold, Mr. and Mrs. H. A. Kelley, Mr. and Mrs. W. F McCoid, Mr. and Mrs. Gerrit Plantinga, and children, Mr. and Mrs. J. C. Napier, Mr. and Mrs. Murton Jones and children, Mr. and Mrs. John Lukens and children, Mr. and Mrs. Warren Ter Beest and children, Mr. and Mrs. Carl Sanders, Jr., Mr. and Mrs. Frank Noe and son, Mr. and Mrs. Jerry Kelley and children, Mr. and Mrs. E. A. Robinson and Roy Barnhart.

The Ralph Borley, T. C. Carpenter, Leo Dunn families enjoyed Sunday afternoon motor boating at the Marine Stadium.

Merchants Trip Stanton For Second Win, 7 - 2

Stanton fell before the bats of the Cypress Merchants Wednesday night as the local softballers took a 7 to 2 victory.

Starting pitcher Chuck Miniski and his mates ran up a 5 to 1 margin in the first three innings while Ronald Bader was catching.

The runs came in the first, when three were brought in, and again in the third when two came across home plate.

With the score standing at 5-1, a second battery of Earl Holiday and Bruce Anderson relieved Miniski and Bader. They continued adding to the Cypress lead with two more markers being scored in the fifth. That brought the total to the final sum of 7 to 2.

The Stanton outfit was the second victim of the Merchants this year, against one loss. The next game is with Texaco Oil of Long Beach next Wednesday.

RACE TRACKS — THEY TAKE CARL HARVEY'S SPARE TIME

Carl Harvey is spending his free time in a successful past time — at the race tracks.

It isn't the type of racing that most people find unsuccessful, however, since it involves stock automobile racing, not horses.

Harvey is the chief mechanic for stock car racer Johnny Coates of Long Beach. Coates races a 1949 Ford coupe. The first time they raced at Carrel, they garnered a second place.

Harvey and Coates are planning on entering the races in Oakland next month.

DR. STARR OPENS CHIROPRACTIC OFFICE IN BUENA PARK

Rapid completion of his new two-story home and office at 6712 Grand avenue, enabled Dr. James W. Starr to open his practice of chiropractic on Monday, April 25. The office occupies the first floor of the attractive stucco building and an apartment is located upstairs.

Dr. and Mrs. Starr moved here from Norco, California, where the doctor previously practiced. He is a graduate of Los Angeles college of Chiropractic.

In announcing his office hours, Dr. Starr pointed out that having his apartment upstairs would enable him to handle evening appointments conveniently. Regular office hours will be 9:00 to 12:00 and 1:00 to 5:30 week days, 9:00 to 12:00 on Saturdays.

Thieves Enter Sandy's Service

An early morning robbery netted thieves around $75 worth of merchandise from Sandy's Service on Lincoln avenue Tuesday.

When Carl J. Sanders, Jr., opened the station in the morning, he discovered that the window had been pried open and the building entered. The lost merchandise consisted of tires and oil.

M-m-m, M-m-m, All Around The Town

Someone stole a horse from Harvey Ellsworth's barn at 8262 Gay street, then turned him loose to find lodgings for himself — which he did.

Eagle, a bay and white stallion belonging to Ellsworth, was quietly munching his hay in his stall minding his own business. Then a stranger entered the unlocked barn, saddled Eagle and rode him off.

The horse was gone for several days and finally showed up at the Smith riding stables in Artesia. The horse thief had taken the saddle and bridle off and let him wander in by himself.

Bryant's Worried: Must Pick Queen Candidate Soon

Jim Bryant is facing the problem of being a beauty expert, host to dozens of airplanes and hundreds of people and official greeter to a group of dignified officials when they inspect his Airpark May twenty-first.

All this is because of Aviation Week, May 18-24, in which he is to represent Cypress.

The beauty expert job comes in because he has been asked to pick a queen candidate to represent Cypress in the county's celebration of the week. He hasn't solved the problem yet. Each of the seven airports in Orange county will put up a candidate, and the winner will reign as queen during the festivities.

On May twenty-first, Bryant will open his Airpark to the public and will have several featured displays for them to see. Among them, he hopes to have a Link Trainer, a device which similates a flying airplane, but never leaves the ground. The operator can move the controls and dive and bank just as a real plane does.

Also on the program for Bryant's part in the show, will be the official greeting and an inspection tour of several officials of Aviation week.

Bryant explained that each of the seven airports in the county will play host a certain day of the week. Among the many celebrities expected during the seven days of activities are Edgar Bergen and Bill Odom. Odom will show his famous airplane that helped him break non-stop records on his recent flight from Hawaii.

Backing the activities in Orange county is the Associated chamber of commerce.

COURT AWARDS $1200 TO HASKELL KELLEY

As a result of the election in which Haskell A. Kelley was a candidate for west county district supervisor, James A. Harvey was ordered by Superior Judge Raymond H. Thompson to return $1200 to Kelley Saturday.

The charge by Kelley against Harvey was that items amounting to $1755.85 were unaccounted for in the campaign in which Harvey acted as campai gn manager.

After the court inspected all items of expense of the campaign books supplied by Harvey, it rejected $555.85 in claims and ordered Harvey to repay the remaining to Kelley.

SCOUTS SEE NEWSREEL

An army reserve newsreel on First Aid was the feature of the Boy Scout meeting Monday night. It was shown by Committeeman Christopher.

Among the points brought up was the news of the purchase of camping equipment by Scoutmaster Kepner and the committee. It included pup tents, utensils, cooking ware, lights, an axe, and other miscellaneous equipment.

The scouts also agreed to help clean the lot on the corner of Lincln and Walker. The money they get from the job will be put into the treasury.

The committee and Scoutmaster later met at 5532 Danny avenue for coffee and cakes.

Advice on Fighting P.E. Issue Is Chamber Topic

To commemorate the 60th anniversary of the founding of Orange county on June 4, 1889, and Cypress chamber of commerce has been asked to contribute to a special edition of the Santa Ana Globe. A request was read by Secretary Frank Noe at Monday evening's meeting from the publisher of the Globe, asking for statistics, stories and pictures of the town and its industries. It was voted to cooperate in this ambitious undertaking. The edition will be compiled in such a way that it will be an invaluable guidebook.

Following the reading of the minutes, a lengthy discussion took place among the members when Ralph Stewart questioned a phrase in the secretary's report. The sentence dealt with the local planning committee's decision to withdraw objection to the application to the county for a permit to establish an auction yard on Lincoln avenue, just east of Moody, if the majority of the people in the community favored it.

James Broadbelt reported that he had been in contact with the office of the public utilities commission with regard to the Pacific Electric railway company's request to abandon passenger service on the trolley line from Los Angeles to Santa Ana. They advised that no petitions be circulated, claiming their use ineffectual. However, they did suggest that an application form of factual evidence be submitted, showing the need for the P.E.'s service in this community; argument against putting the bus line over on Manchester; and to include any substitute proposals that may be made. For instance, to suggest a bus line on Lincoln and Carson if it were thought to be beneficial. Any studies the commission makes, or any reports on file are at the disposal of the committee interested in the welfare of the community, the utilities commission representative assured Broadbelt.

The date set for the P.E. to file application before the public utilities commission has been set for May 11. After that time extensive studies will be made and after officials have thoroughly reviewed their findings, a report will be prepared, to be given sometime in June, in all probability.

A lengthy discussion followed a motion by Frank Stewart that a delegate from the local chamber of commerce be named to attend Friday afternoon sessions of the county's planning commission when matters concerning Cypress were to be considered. A motion was carried to that effect. Upon motion of Frank Stewart it was voted to devote the next chamber meeting's business to study of the county commission's plans for the development of this area.

Since T. J. Boyd, one of the two members to serve on the recreation park's board from the chamber, asked to be retired, a vote was taken on a new member to replace him. E. V. Corby was elected for a two-year term.

Edward T. Behrens asked that the chamber request street lights on Miller road and Hoffman street. This matter was referred to the proper chamber committee.

Men Entertain As Female Models For Benefit Show

Surrounded by attractive, decorated boxes containing a variety of unusual menus, Clyde Arnold auctioned them to the highest bidders with dispatch at last Saturday evening's box supper in the school utility room. Sponsored by the Recreation Park board to raise money for the park fund, the event grossed about $45. Mrs. Murton Jones, Mrs. Karl Beason, and Mrs. Howard Minnick were the committee in charge of the dinner arrangements.

The group found its way to the auditorium, following the very satisfactory meal-time, where a group of men staged a style show which afforded merriment and hilarity not only for the audience, but for the amateurs on-stage as well. Stan Doerr gave an imitation of Gorgeous George, with "Miss" Tommy, dressed as a little girl, serving as valet and operating the flit gun. James Moss, master of ceremonies supreme, introduced the "models." Audience applause finally determined that Price Seibert should receive the prize for the best-dressed woman, with Jake Van Dyke and Earl Essex runners-up. Other models were Pat Arnold, Clyde Arnold, Frank Noe, Murton Jones and Elmer Corby.

Following the "stage show" and entertainment, Mrs. Ed Higgins, accompanist, played for group singing. The blending of voices in old and new favorites ended the evening's festivities.

Culp Boys Given Birthday Party

The Price Seibert home at 8881 Watson street was the scene Sunday afternoon for a double birthday party for Russell and Ralph Culp. Their mother, Mrs. Price Seibert, planned the belated affair for them, since it was not possible to give them a party at the time of their birthdays, due to illness in the family.

Games, directed by Mrs. Ernest Bouchard, Jr., were played both out of doors and inside with prizes being won by Abie Holborow, Bobby Reeves and Ralph Culp. The anniversary cake was decorated with light green icing with the names of the two boys inscribed in pink. The cake was served with ice cream and punch with Karen Seibert and Vevah Gail Bodkins assisting Mrs. Seibert.

Attending the double party were the boys' grandfather, Ernest Bouchard, Sr., an uncle and aunt, Mr. and Mrs. Ernest Bouchard, Jr., another aunt, Mrs. Iris Arbiso, Abie and Mariette Holborow, Dotty and Harriett Witbeck, Joan, Yvonne and Larry Arbiso, Bobby Wilson, Billy Jim Noe, Bobby Reeves, Johnny Bodkins and Katherine Clark.

COLLEGE ANNUAL ON THE PRESS

Fullerton junior college's Annual Torch, year book of that institution, went to press this week. A student staff headed by Oman Ritch and Mrs. Mary Russell, both of La Habra, produced 20 pages of picture essay including over 700 photographs of life on the Fullerton campus.

CYPRESS PAIR MARRIED IN YUMA SATURDAY

Miss Ruby Stewart and Dean Nutter were married Sunday in Yuma, Arizona.

They were accompanied on the trip by Marion Precie and Miss Nelda Wright.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

SUNDAY—MAY 1
Church Services—All Churches.
MONDAY—MAY 2
Cypress Boy Scouts—7:30 P.M.—Schoolhouse.
TUESDAY—MAY 3
Cypress Women's Missionary Society—2:30 P.M.
Los Alamitos Boy Scouts—7:00 P.M.—Laurel School.
St. Isadore's Holy Name Society—7:30 P.M.—Rectory.
WEDNESDAY—MAY 4
Cypress Nazarene Church Prayer Meeting—7:30 P.M.
Los Alamitos Girl Scouts—After School—At Homes Of Members.
Los Alamitos Cub Scouts—2 P.M. at Homes of Den Mothers.
Los Alamitos Good Neighbor Club—2:00 P.M.—Home of Members
Los Alamitos School Board—7:30 P.M.—School.
Los Alamitos Volunteer Firemen—Evening—Fire Station—Fire Drills.
THURSDAY—MAY 5
Cypress V.F.W. Auxiliary—7:30 P.M.—V.F.W. Hall.
Los Alamitos Chamber of Commerce—8:00 P.M.—Fire Station.

DID YOU REMEMBER?

That the Orange county road department will send a truck into this area on Tuesday, May third, to pick up any trash that is left along the curb to aid you in our clean-up week?

To provide those new county numbers somewhere on your house so that friends and relatives can find you easily and not be confused? It will only take a minute and will help a great many people in a great many ways. The local telegram dispatcher, for one, would be ever grateful, eh Frosty?

That April saw campaigns for funds in several worthy organizations and if you did not give to the cancer fund, it is not too late.

That when an announcement says, "the public is invited," that means you? All the people that didn't come to the box supper couldn't have had good excuses. The affair was planned as a means of acquiring funds for a worthy cause — the recreation park in Cypress.

AN INDIVIDUALIST?

Next door our neighbor's hens egg production slipped from 10 or 12 a day to only two or three eggs. For several days this mystifying condition existed. Then the culprit hen was discovered, and a stop was put to her pecking the new-laid eggs and consuming them in rapid succession.

It is rather a sad sight to view her isolation from our window as she dejectedly steps off the space of her lonely makeshift coop, awaiting the axe. We wonder if even in hen society, the penalty for greed and selfishness and a refusal to cooperate for the good of the group is not understood?

The hen who destroyed her own right to freedom is gone from her environment and probably forgotten. Our neighbor's hens eggs production is once again 10 or 12 eggs daily.

Sign outside a Montreal finance office: "Are you at Debt's Door? Our Finance company Will See You Through." — New York Star.

Liberty has never come from the government. Liberty has always come from the subjects of it. The history of liberty is a history of resistance. The history of liberty is a history of limitations of governmental power, not the increase of it. — Woodrow Wilson.

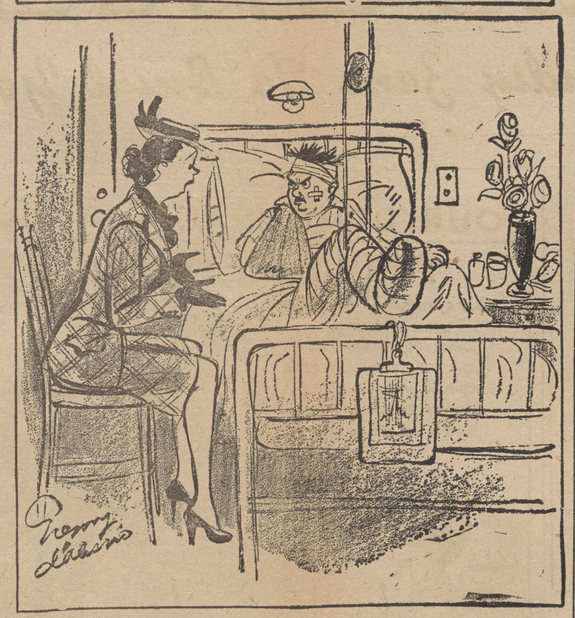
TURNING INTO DRIVEWAYS

Motorists close to home are still close to danger, warns the National Automobile Club. Before turning into their driveways they should take a good look about them and should make the proper arm signals in a clear and unmistakable way.

Mrs. Bertha Kingsley, who has been visiting her sister, Mrs. Betty McCoid, left today for her home in Eugene, Oregon.

THESE WOMEN! By d'Alessio



"If you hadn't come bursting in the way you did, I could have told you I just waxed the floor!"

I RISE TO REMARK
By John Phillips

What will I write about this week? This is Easter recess, but do you suppose we get a chance to catch up on accumulated back work? Well, not much. It is also the annual visitors' week in Washington. Constituents are here from all over, and we're glad to see them, and school children, of assorted ages, arriving in school busses, swarm over Capitol Hill like ants. I wish California were near enough to run a few loads of our students down here, to see where and how laws are made — also history.

Suppose I write about a little lady named Mrs. Dacus dorsalis, compared to whom the Borgeas and Salome were kindly people. Sometimes you call this little lady the Oriental fruit fly, and she has established herself so firmly in the Hawaiian Islands that she is a real threat to California agriculture. She is not at all particular in her tastes, and she has an oviposiiter (if I recall by biology correctly after 40 years) that compares favorably with the bill of a woodpecker, for she deposits her eggs in oranges, or other citrus fruits; in peaches, pears, dates, watermelons and other melons; guavas, pineapples, or any handy fruit; and if fruit isn't there, she'll settle for tomatoes or any vegetable, or even a flower, and she has already ruined a post-war, veteran promoted business, the shipment of orchids by plane to the mainland. She will deposit the eggs in fruit on a tree, or on a fruit stand or waiting on the dock for shipment or distribution.

When I say she deposits them, I mean she deposits them; 300 eggs, with a life cycle of less than three months, so that, if there were not, fortunately, a high infant mortality in her family, she would have 8,000,000 descendants in one year, ready to carry on the work of laying eggs and breeding larvae, to destroy the fruit and vegetables, between the sheds and the consumers.

The federal government is doing ing something about it. Joe Farrington, the delegate from Hawaii, and I, put $100,000 in the appropriation bill a year ago, when we knew very little about the seriousness of the attack. This year, the subcommittee continued that appropriation. I appeared last Thursday, before the Senate subcommittee, all friends of mine, to support a request for an increase. The Hawaii-California delegation asks for $2,000,000, to be available until used, to hunt parasites, try out insecticides, trap the flies, and engage in an all-out war. The amount is in order, but Congress will be here until July, and will be back in January; some think November. We probably don't need to put all that into cash in one lump.

What I hope is that California, through her Legislature, will also think this is serious. Sending a couple Senators and a couple Assemblymen to Hawaii, desirable as it is, really isn't all-out warfare, in a state whose agricultural income last year was almost $2 billion. It won't be easy to say to a Congress, please give us $2,000,000, and then have it asked, how much is California putting up, in money, if this is so serious? The federal government is $252 billion in the RED; California is at least in the BLACK, and a year ago had a reserve of $400 million.

When are we going to recognize "relative urgencies?"

We MUST spend our tax monies on the things of the greatest immediate urgency.

WELCOME! New Readers

PUPILS WILL VISIT DAIRY

On Wednesday, Mrs. Mitchell's first grade will go by school bus to the Excelsior dairy for a visual aid trip. They will leave at 9 a.m. A tour of the dairy will be made by the class, followed by an ice cream treat.

SCHOOL STORAGE BUILDING COMPLETED

The new storage building has been completed and accepted by the school board. The scout house will be cleaned out and opened for the scouts at their regular meeting Monday evening.

BP KITTENS JOIN NEW LEAGUE

The Buena Park Kittens will play in an eight-team circuit, the newly-formed Riverside-Orange-Los Angeles County Girl's Softball league, this spring, it was announced this week.

League officials met at Anaheim to draw up a slate for the coming season.

Other entries in the new league are Norwalk, the Orange Lionette Juniors, El Modena, La Habra, Corona, Orange Tomboys and the McMahan Furniture Company sponsored team of Fullerton.

"COOKIE" OUT 4 WEEKS

For the past four weeks Miss Lilly Subbett has been ill at her home on Belmont. The students and faculty are looking forward to rer return in the near future.

SOFTBALL TEAMS SPLIT IN GAMES AT MAGNOLIA

The seventh grade played Magnolia No. 2 school Tuesday afternoon. The whole class enjoyed the games as transportation was furnished by the school bus.

The boys' team lost to Magnolia 6 to 3. The girls won for Cypress 21 to 14.

MOVING PICTURE

Friday, the monthly picture will be shown, "Silver Stallion." Price of admission is fifteen cents and the show will start at 1 p.m. The school bus will take the children home who do not see the show.

DRIVERS' LICENSES

California Department of Motor Vehicles is reported by the National Automobile Club to have issued 98,469 licenses during December 1948 to bring the total number of licenses outstanding at the end of that month to the 4,935,122 mark. Of this total, 4,507,748 were operators' licenses and 427,374 were chauffeurs' licenses.

TAKE THE BUMPS EASY

Don't take bumps too fast just because your car is equipped with independently sprung front wheels, advises the National Automobile Club. You may escape the shocks of such driving, but the tires do not. Manufacturers discourage driving that is harmful to the tires and that is easily possible with this particular design feature.

Mr. and Mrs. A. E. Arnold, Mrs. Robert Hoyt and Arnie, and Mr. and Mrs. Earl Essex enjoyed a motor trip last Sunday to Palm Springs, visiting many points of scenic interest along the route.

LAWN MOWER SHARPENING THE ELECTRO-KEEN WAY

Sorry but I won't need you now.

May its boiler rust in peace. This heater, like so many, was murdered through neglect — it was never drained. The cause of death of most heaters is due to the rusting through of the inside boiler. And, like falling hair, it can be retarded but it can't be prevented. Simply drain your hot water heater once a month. This idea of heater neglect has been on my mind for some time now and, like a ten year old heater, it just had to come out.

Buena Park Is Getting Set for Hometown Day

Both the Veteran's of Foreign Wars and the American Legion are planning active participation in the program designed to make this year's Hometown Day the best yet. Official dedication of the new Recreation Park at Hansen road and Eighth street is to be an impressive event as planned.

The veterans' organizations have taken the responsibility of presenting the colors to the new park and will appear on the program in front of the grandstand following the barbecue Saturday evening. Presentation of the flags will be made by Chas. Stanford, Commander of the Legion and Percy Owens, Commander of the VFW.

A dedication speech will be made by Fred (Pop) Dukes and a color guard will support the principles in the presentation ceremony. A marching group will participate under the command of Kenneth Weber representing the Legion and Dee Miner of the VFW.

The acceptance speech is to be made by Caryl Snider, president of the Park Board.

The dedication ceremony will feature an evening - long program at the park to follow the barbecue served from 5:00 to 6:30. The Beeman family and Shirley will play until 7:00 when the dedication is planned. The ceremony will be followed by professional vaudeville acts until the softball game between the Lynx and the Phoenix Ramblers takes place at 8:30.

A complete program of the day's activities is being printed and is to be put in the mails addressed to every family in Buena Park on May 1. This will enable everyone to plan the day to their own satisfaction.

CYPRESS LOCALS

The owners and employees of the Cypress Lumber company have been concentrating the past week on cleaning up the premises. This primarily included destroying all the weeds and plant growth which are so abundant this spring, and which are particularly prevalent around the stacks of lumber.

Mr. and Mrs. C. M. Hamilton, on Walker street, returned from a very satisfactory visit in the east and midwest. It was their desire to return with a new Cheyrolet from Detroit, but they were unable to get delivery at this time and must wait until a future date.

Rick Townswick is a patient in the naval hospital in Long Beach. He has been struggling for some time with a severe case of dermatitis, reaction to penicillin treatment received for an eye infection. The doctors finally have the case under control and Rick will be back at the watch shop at the end of the week.

A coupe was driven onto the premises of the Triange dirve-in some time during the night Thursday, where it sat for several hours, apparently abandoned. Finally two young men arrived and towed it away.

In the spirit of paint-up and fix-up week, extensive work has been done on the exterior of the building which houses Walley's barber shop, the post office and Cypress hardware. New awnings and white paint with a green trim make an attractive appearance. Inside, Evie's beauty shop was given a complete new paint job by Jack Junker and Art DeVahl, including a new "do" on the furniture.

Otho Switzer, who was home for a few days, was returned to the hospital in Covina last Friday.

Mrs. Alliene Woods, 4612 Lincoln avenue, was seriously ill recently with pneumonia. She has recovered enough to be up and about.

Lee Stradley was injured last Thursday when he fell, dislocating his shoulder. The doctor ordered him to Anaheim hospital, where he spent the night and was treated for the painful experience.

Mrs. Robert Zedaker is once again employed at Ernie's drive-in, after joining her husband up north and also visiting in Canada. Her husband is now stationed in Germany with the armed forces.

H. A. Kelley, of the county sheriff's office, accompanied by Earl Essex, transferred two prisoners to San Quentin. They left last Monday.

L. J. Hendershot has been spending a great deal of time improving the yard of his home on Cypress avenue. He is now employed with a contractor's firm which is building several new schools in this area.

Miss Leona Goodman, of Los Angeles, was a visitor last weekend in the home of her brother's family, the E. E. Goodman's, at 8742 Cypress avenue. On Sunday evening, Mrs. Goodman, Miss Goodman, Mrs. Eleanor Browning and little Joan enjoyed dinner and the sights at Knott's berry farm.

Arthur L. Cutter left early Tuesday morning by motor for the old hometown of Gage, Oklahoma, in the western part of the state. He expected to stay in Yuma that evening.

Marion Precie is now driving a Cypress hay company truck on the run each day between Bakersfield and Cypress.

Little Cheryl Kelly, daughter of Mr. and Mrs. Gene Kelly of Crescent street received painful injuries on her face last Friday when she was bitten by a dog owned by Mr. and Mrs. William Lightfoot. It required seven stitches to close the wound.

Mr. and Mrs. Sig Anderson and son, Tony, are in Chicago where they were called by the serious illness of the former's mother. The length of their stay is indefinite and during their absence their infant son, Joel David, is being cared for by his grandparents, Mr. and Mrs. Joe Fernandes.

Mr. and Mrs. Ralph Scally have had as their house guest for several days, the latter's mother, Mrs. Lena Johnson of Sun Valley.

In celebration of public schools week, a program has been planned by the Centralia school for next Friday night. The classrooms will be open from 7 until 8 o'clock with the work of the past year on display and at 8 o'clock a program will be presented by several groups in the school. Dr. Raymond Temple will act as master of ceremonies.

Recent luncheon guests of Rev. and Mrs. William Howard were Rev. and Mrs. Harold Buckner of Oakdale, California.

Two local residents have an unusual interest in the police show to be staged in Los Angeles from May 12 to the 25, including top guest stars. Mr. and Mrs. Glenn Hubbard, 8121 Miller road, have been selling tickets for the show in the Wilson building, at 132 west First street, and will remain at their posts during the entire show. Hubbard was formerly on the force of the L. A. police department.

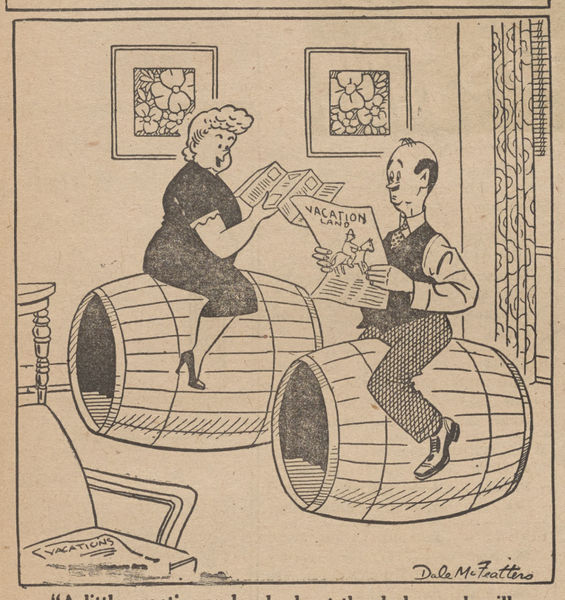
STRICTLY BUSINESS by McFeatters



"A little practice and nobody at the dude ranch will know we're tenderfeet!"

Fish Fools Man! Catches Rare One

One of the keenest pleasures of ocean fishing is speculation on what type of sea creature has seen fit to strike at the business end of your line.

In California waters, it could be anything from an anchovy to a zebra mackerel.

But Norman Levin of Hollywood wasn't prepared for the ugly sea monster he landed recently in Los Angeles harbor. The 39-inch fish without fins or tail was taken to the Terminal Island laboratory of the Division of Fish and Game for identification.

There, Biologist John E. Fitch spotted it as a rare oarfish—one of three specimens taken in North America. Fitch and Dr. Carl L. Hubbs of the Scripps Institute of Oceanography will publish a detailed account of the ocean oddity next fall.

Social Security Number For Record Only

Social security account number cards should not be accepted as identification for the purpose of cashing checks, according to J. G. Bretherton, manager of the Long Beach office of the Social Security Administration.

"The Social Security Administration does not attempt to establish definitely the identity of an individual until such time as a claim is filed at age 65 or upon death of an insured individual," said Bretherton. "Therefore, a merchant or other person who accepts the social security account number as identification for the purpose of cashing a check is on very shaky ground.

"Furthermore, the records of the Social Security Administration are confidential and ordinarily are not available for verification to persons other than the wage earner himself. These records are maintained solely for the purpose of keeping a record of the wages earned by individuals covered by the system."

THIS SHOULDN'T HAPPEN TO A DODGE!

It shouldn't happen to a Dodge—or a Studebaker, Ford or Chevrolet, either. But apparently it will, if a bill that has just passed the State Senate in Sacramento becomes law.

The new bill would allow the courts to seize and impound cars from persons caught driving after their licenses have been revoked. The offending autos would be locked up for six months for a first violation and for a year for a second offense.

We shudder to contemplate what will happen to a car that's a three-time loser.If it were sent to the gas chamber it would probably just ask for Ethyl. Perhaps as a final punishment it will be set up on a grease rack and shot through the carburetor.

The bill probably has a lot of merit. It's aimed at teen-age speed demons who persist in driving after their licenses are suspended and who are too young to be sent to jail themselves. If the jallopies can't learn to keep away from evil companions, they'll just have to take the rap.

ALAMITOS MOTHERS TO BE HONORED AT TEA HELD IN SCHOOLHOUSE

The faculty of Laurel School invites all mothers of students of the elementary school to a Mother's Day Tea. Invitations have been sent out, and it will be held May 6th, between the hours of 3:00 p. m. and 4:30 p.m. in the new Kindergarten building.

Committees in charge of the affair are Mrs. Wade, Miss French; entertainment, Mrs. Norris and Mrs. Hoff; decorations, Mrs. Luim, and Mrs. Vanderleek; refreshments, Mrs. Danner, and Mrs. Hollenberg; invitations and coursage arrangements, Mr. Sooth and Mr. Berry. School principal Jack L. Weaver will be chairman for the entire program of events.

There will be a minimum school day, in order that the children may go home early, leaving the teachers free to prepare for the tea. It is hoped that as few children as possible will remain on the school grounds. However, mothers who must bring infants will be able to leave them with the Girl Scouts, who that day will have charge of a nursury in one of the school rooms. A troop leader will also be on hand.

This is the first social event to take place in the new school buildings, however a real open house of the new rooms and grounds is being planned for a date in the near future. Invitations will be sent at that time.

Basking in the sun at Green River Camp over the weekend were 5 Los Alamitos families. The lucky people who were there, Cliffie and Katie Stein, Leo Laytons, Fred and Dorothy Johnson, Bobbie and Bette Campbell, Shirley and Harlan Huebert, and all the children. While the kids splashed in the creek, their fathers were out catching "craw-dad," which is something resembling a shrimp, or so they tell me. Then followed a fast game of baseball, which left everyone exhausted.

Little Judy Baker has been asked again to appear on the "Judy Splinter's" television show. She will be televised Wednesday at 7:00 p.m., much to her family's delight, and her little sister is green with envy.

The Walt Disney film for girls and their mothers' only will be presented on the afternoon of May third, in the school auditorium. Notification of the hour will be sent home by the children. A visiting nurse from the Orange County hospital staff will be on hand.

TOO LATE TO CLASSIFY
FOR SALE TO BE MOVED — Beautiful 2-bedroom home, cove linoleum throughout. Exquisite living room, 14 x 28, with the most talked about floor in the country. Sacrifice. See Storey, 312 Grand Ave., Buena Park.

Ginger Otte is making real use of her talent. This Tuesday she will dance at the Wilton Hotel, for a Long Beach sorority group, Thursday she will appear in the Ben and Sally Recital at the Tracy Theatre, and next week, she and her little cousin, Kenny Otte, will dance on a program for the Native Sons in Anaheim.

The Board of Trustees of Laurel School have selected Reither's Nursery of Santa Ana to do the landscaping about the premises of the new school buildings. A lovely patio has been completed between the two new classroom buildings. A place has been provided for three outdoor classrooms, arranging plots of grass, trees, shrubs and gravel paths as to conform with the idea. The kindergarten grounds are now being landscaped with grass and shrubs.

The American Legion Post, 716, has finally completed it's plans for incorporation. Legal advice was given by William C. Poe, Jr.

Billy Poe, Jr., suffered a severe cut on his head Saturday evening, when after Cub pack meeting, he ran into a fence post on the school grounds. It was necessary to take several stitches in his forehead.

Mrs. William Ford, new P.-T.A. president, will attend the convention of P.-T.A. presidents, local and district, in Los Angeles. It will be held for three days, and meetings will convene in the Biltmore, Orpheum Theatre, and the Philharmonic auditorium. It is a closed convention.

Two families in the Alamo homes are proud parents of new baby sons. The Otto Vogels, 11061 Saratoga for one, and the William Kinkade, 11162 Saratoga, for the other. Congratulations!

Mr. and Mrs. Wallace Todd and family left to make their future home in Patuxent River, Maryland, traveling in their brand new Oldsmobile.

PAULETTE PICKS COTTON

Vivacious Paulette Goddard keeps cool in California sunshine in a two-piece summer patio dress of cotton chintz. The ankle-length skirt is chintz, while the top is made of cotton chambray. The Paramount star wears a Mexican peon's straw hat to complete the ensemble.

Mr. Alvin Corley's sister, Mrs. Myrtle Page, 55, who was seriously injured when struck by an automobile on Long Beach Boulevard this past week, passed away. Burial services took place Tuesday at Mottell's.

Winners of the current Poppy Poster contest at Laurel school were presented with their prizes by Auxiliary woman Lee Ellis. First prize went to Sharon Labourdette, for the fine interpretation of Poppy Day. Subsequent prizes were given to Joyce Kerr, Virginia Otte, and Pepe Sentano.

The American Legion Auxiliary is making plans for it's yearly rummage sale, this year to be held in the shop formerly occupied by the Monte Vista Cleaners, 3512 Green street. The clothes will be clean, and in good condition, so keep the dates of May twelfth and thirteenth in mind.
